

Please do not implement any proposal that would lessen Indiana's Telephone Privacy law protections. I used to receive 8 to 10 calls per week. Now, due to Indiana's law, I only receive 2 or 3 calls a month. I dislike telemarketing and its interference in my life. My telephone should exist to serve my family and their needs, not the needs of someone who wants to sell me something or to see if I have changed my mind in regard to services I have cancelled. Allow Indiana's laws to remain intact which has greatly lessened the intrusion of telemarketers in my life.
